FEATURE LOOKBOOK

See how BerniePortal manages all of HR in one convenient location

ABOUT BERNIEPORTAL

The fragmented HR ecosystem gave us a headache, so we built a solution.

BerniePortal is an all-in-one HR platform that saves time, cuts the paperwork, and helps build better employee experiences.

We launched BerniePortal in 2008 out of our sister company, benefits brokerage Bernard Health. We saw firsthand the challenges small businesses like our own faced when it came to HR, and we wanted to build a solution that combines great technology with trusted advice.

BerniePortal connects the fragmented HR ecosystem in a comprehensive all-in-one HR tool, allowing employers to spend less time on administration, and more time building the businesses they love.

“

PCMAG.COM

BerniePortal's user interface (UI) is uncluttered, and uses modern, attractive colors and fonts. Wrapping up something as complicated as an HR platform in such a streamlined package is an impressive feat, and one the BerniePortal team accomplished well.

”

“

TRAVISMEDICAL

The technology is impressive, easy to set-up and use, and continuously improved based off of user feedback. This allows for HR teams and business owners to stay focused on the business and the people that make the business 'go,' rather than worrying about administrative tasks that eat away at the bottom line.

ALL OF HR IN ONE PLACE – *finally!*

BerniePortal allows you to manage all your HR needs in one convenient location.

Save time

Simplify HR Administration

Improve Compliance

BERNIEPORTAL APPLICANT TRACKING

Find the best candidates faster by bringing your recruitment online.

Attract Applicants

Studies show the best candidates are off the market in 10 days. That's no problem with BerniePortal's Indeed integration. Attract the job site's more than 200 million monthly job seekers and have their applications entered automatically into BerniePortal!

Manage Candidates

With resumes, emails, and multiple hiring decision-makers, it can be difficult and time-consuming to keep track of applicants. Use BerniePortal Jobs to share candidate applications, messages, internal feedback, and hiring stages with all hiring decision makers.

Offer & Onboard

Made a new hire? Transition seamlessly from hiring to onboarding. BerniePortal has a full onboarding solution including W-4s, W-9s, I-9s, customizable forms and agreements.

Partnered with:

BERNIEPORTAL ONBOARDING

First days should be about getting to work, not paperwork. Have new hires hit the ground running with online onboarding.

Save Time

An employee's first day is crucial — free up this valuable time by using BerniePortal's onboarding software. Get your new hire fully onboarded from any location before their first day.

Eliminate Paperwork

Paperwork is time-consuming and hard to manage. BerniePortal collects employee onboarding information and automatically transfers it onto official new hire forms like the W-4, I-9 or W-9.

Track New Hires

Track new hire data such as onboarding progress and turnover. Easily send reminders within BerniePortal to new hires who need to finish the process and ensure compliance.

BERNIEPORTAL ONLINE BENEFITS

Benefits can be complicated, but enrollment doesn't have to be.

Offer Better Benefits

Provide competitive benefits no matter your size. BerniePortal makes it easy to administer ancillary options, which saves time and gives employers the ability to offer more benefits.

Boost Employee Engagement

BerniePortal guides employees through enrollment by embedding informational tools into the benefits election process, including a shopping cart functionality that makes picking a plan more like online shopping. Include video content, plan descriptions, helpful links and other tips and tricks for your team.

Simplify Open Enrollment

Enrolling in benefits shouldn't be complicated. Simplify this process by bringing open enrollment online. Easily edit benefit settings, manage elections, enable employee self-service, review pending coverage and view outstanding benefits enrollments directly in BerniePortal.
